

Built by the community, for the community

**Jenny Hindson
Chief Operating Officer**

Plants are easy, people are difficult ...but fascinating, resourceful, joyful and powerful

**Jenny Hindson
Chief Operating Officer**

OUR VISION

For everyone to have access to green community spaces that are good for the community, good for nature and good for the economy

OUR MISSION

We will create the best green community space in the UK.

We will empower our community to evolve Newquay Orchard to meet the needs of people and planet, while creating profit.

We will use Newquay Orchard to demonstrate a replicable and financially sustainable solution for communities across the UK to help them thrive and tackle local issues that are important to them.

OUR VALUES

Community
Learning

Environment
Integrity

**How do we join
up our thinking
for maximum
impact across
the system...for
one and all?**

Very good for one and all...
