

Bennamann - An Introduction

14 11 2024 Business Information Point

Fueling An Off Grid Clean Energy Revolution

Our Purpose

To provide clean energy to
the hard-working farmers,
tirelessly transforming
agriculture for
generations to come.

What we solve

Farmers pushed to leave sector after costly EA inspections

and need to avoid

A success example: 4 major benefits for your farm

Example farm in Cornwall / 90 milking cows

Net Zero CO2 emissions

Operational costs saving & stability with -£47k per year

Electricity - Diesel offset - Fertilizer /spreading reduction

Soil regeneration

Improved Grass concentration and worm density

Carbon free milk to new standards
